Dear Sirs,

We are indebted to The Commerce and Finance for your valued address, and herewith beg to inform you that a friend of ours owns a very valueable collection of medals of gold, silver and bronze, the majority of which are very old and antic, some having been stamped as far back as three hundred years, during the days of Gustavus Adolphus. Some of them are so unique that even the State Museum of Sweden has no specimens. The total number is between 2500 and 3000.

Our friend is desirous of selling this collection and being no business man and having no connections in America, he has asked us to assist him, so in case the above is of interest to you, we shall be pleased to hear from you, and beg to remain,

Dear Sirs,

Yours faithfully,
